anywhere, anytime

Republic Bank
We're the One for you!

Republic*Online* is the safe and convenient way to:

View

- Account balances
- Transaction history
- Statements

Conduct

- Transfers between your company's Republic Bank Accounts
- Credit Card and Utility Bill payments
- Third Party transfers within Republic Bank Accounts

Enjoy

- Updating your password at your own leisure
- Easy application for: Loans, Manager's Cheques, Gift Cards, Credit Cards, Credit Card limit increases, savings and chequing accounts
- Addition of accounts registered on Republic*Online*

Benefits:

- **Convenience and efficiency**
Payments can be made to suppliers with balances reflecting immediately
- **24/7 access to your account**

Republic ID-Secure Card

- This is a strong authentication matrix card which will be required to log on to Republic*Online*. This card adds an extra layer of security on your online account.

Other features include:

- **Automation of the Forgot Password Option**
You can initiate this on Republic*Online* and a password reset link is automatically sent to your registered email address. You will then be able to set a new password.
- **Personalised Dashboard**
Paying bills online is even more convenient, as you can schedule the payment of monthly bills online (service providers, utilities and credit card accounts) to a future date. You also have the option to schedule the transfer of funds between your accounts (chequing and money market) to a date of your choice. Control how you view your accounts by showing only what you want to see.
- **Recurring Fund Transfers**
Schedule multiple fund transfers between your accounts with different frequencies, such as daily/weekly/monthly/quarterly/annually.
- **Pay Credit Cards Online with Real-Time Availability**
When you pay your credit card via Republic*Online*, you have access to the funds immediately. Republic Bank gives you a channel that allows you immediate access to funds paid to your credit card. Also, when making credit card payments, you can view your last statement balance in the payment screen. **Quick Pay** provides the option to pay your credit card and perform fund transfers quickly.
- **Fund Transfers and Bill Payments using Credit Cards**
To add more convenience, you have the option of paying monthly bills with your registered credit card accounts on Republic*Online*. In addition, you can transfer funds to your personal accounts from your registered credit card accounts.
- **Transaction History**
You have the option of downloading the transaction history on your corporate accounts and credit card accounts in an easy to view format.
- **Interactive Demos**
Interactive demos are available to assist you with any transactions that you wish to perform.

- **Create and Manage Templates**

Save time on repetitive transactions. They can be stored as a template and edited for faster processing of this transaction thereafter.

- **Account Grouping**

You can group your most frequently used accounts. Group accounts by currency or any other grouping as you see fit.

Registering for RepublicOnline is quick and easy!

- Important: You simply download a registration form from our website, complete and submit to the branch.
- The branch will then verify your information according to your account mandates held and forward your application form to the Internet Banking department.
- An Internet Banking officer will contact you to advise upon the successful registration of your application.
- Your Pin Mailers will also be forwarded to you.

Important: Your registration form must be submitted for the registration process to be completed.
